

Landlord testimonial drafts

Twelve drafts for landlords who have agreed to give a reference but asked us to word it. Each is written in the first person, in plain British English, and describes one kind of landlord. Send each landlord the one that fits, ask them to change anything that is not true for them, and get a reply saying “approved” before it goes on the site. Fill the square brackets before sending. Nothing in a bracket is a fact yet.

Where a testimonial is used on the site it will show the landlord's first name and initial, the area, and the type of property, for example “Sarah M., two flats in Leyton”. Full names only with written permission.

1. First flat, first landlord

I bought my first flat to let in [area] and had no idea how much there was to get wrong. Property Sauce sorted the gas and electrical certificates, the deposit, the tenancy agreement and the tenant before I had finished worrying about any of it. The rent lands in my account every month with a statement, and I can see everything about the flat in the portal whenever I like. I would not do it any other way now.

[NAME], ONE FLAT IN [AREA], LANDLORD SINCE [YEAR]

2. Portfolio landlord, several flats in one block

I have [number] flats in [building or area] and used to spend my evenings chasing rent and contractors. Property Sauce took the whole lot on. Repairs get reported by the tenants online and are dealt with without me hearing about them unless a decision is needed, the certificates are renewed before they run out, and the portal scores every flat so I can see at a glance which one needs attention. My time is my own again.

3. Landlord living abroad

I live in [country] and cannot be there when a boiler fails or a tenant leaves. Property Sauce runs my [number] properties in [area] as if I were round the corner. Everything is in the portal: statements, certificates, the tenancy agreements, even the repair tickets with the

contractor's notes. I sign in from a different time zone and it is all there. That is what I am paying for, and it is worth it.

4. Accidental landlord

I never planned to be a landlord. I inherited [my mother's house] in [area] and could not face selling it. Property Sauce found a good tenant within [three] weeks, dealt with the paperwork I did not understand, and now send me a statement every month. When the tenant reported a leak at nine at night, it was logged and a plumber was booked before I had even read the email. It has turned something I dreaded into an easy income.

[NAME], ONE HOUSE IN [AREA]

5. Landlord who switched from another agent

I moved [number] properties to Property Sauce from an agent who had stopped answering the phone. The difference was immediate. Within the first month they found two certificates that had lapsed without my knowing, renewed them, and set up the portal so I could see the whole portfolio in one place. The rent statements are clear and on time. I should have moved years ago.

[NAME], [NUMBER] PROPERTIES IN [AREA]

6. Block of flats, freeholder

I own the freehold of a block of [number] flats in [area] and Property Sauce look after the building for me: service charges, the communal repairs, the fire risk assessment, the insurance renewal and the leaseholders' questions. The accounts are straightforward and the leaseholders get answers the same day. Running a block is thankless work and they make it look easy.

[NAME], FREEHOLDER OF [NUMBER] FLATS IN [AREA]

7. Institutional or company landlord

Our company holds [number] residential units across [areas] and needs an agent that reports properly. Property Sauce give us a portfolio dashboard, monthly statements per property, a compliance position we can show our board, and a maintenance record for every unit. They understand that we need the paperwork right as much as the rent collected. Professional, organised and easy to deal with.

8. Tenant in arrears, sorted without drama

One of my tenants stopped paying and I did not know where to start. Property Sauce handled it from the first missed payment: the reminders, the formal letters, the arrangement to pay, and they kept me informed at every step without dragging me into it. The arrears were cleared within [number] months and the tenant is still there and paying on time. Calm, methodical and fair to everyone.

[NAME], [NUMBER] PROPERTIES IN [AREA]

9. Sold a block quickly

I needed to sell a block of [number] flats in [area] quickly and did not want the uncertainty of the open market. Property Sauce viewed it within days, made an offer with proof of funds, and completed in [number] weeks exactly as agreed. No chain, no renegotiation, no surprises. If you need a clean sale from a buyer who knows what they are looking at, talk to them.

10. HMO landlord

Licensed HMOs come with a long list of things that must be right and inspected. Property Sauce manage my [number]-bedroom HMO in [area] and keep on top of the licence conditions, the fire safety checks, the room-by-room tenancies and the turnover of tenants. The portal shows every certificate with its expiry date. I sleep better knowing nothing is going to lapse.

[NAME], HMO LANDLORD IN [AREA]

11. Refurbishment and relet

My flat in [area] needed a full refurbishment between tenants. Property Sauce arranged the quotes, managed the contractors, sent me photos as it went along and had it relet at a higher rent within [number] weeks of the work finishing. The whole job came in on the budget they gave me. They treat the property as if it were their own.

[NAME], ONE FLAT IN [AREA]

12. Long-standing landlord

Property Sauce have managed my properties in [area] for [number] years. In that time I have had steady tenants, rent paid on time, and every certificate renewed without my having to remember it. The new portal is the best thing they have done: I can see each property's score, the rent history and every document in one place. I recommend them to any landlord who wants it done properly.

Subject: A few words about Property Sauce, for your approval

Dear [Name],

Thank you for agreeing to give us a reference. As promised, I have drafted something so it takes you no time at all. It is below. Please change anything that is not right, or tell me and I will change it. If you are happy, a reply saying “approved” is all we need.

We would show it on our website as “[First name] [Initial]., [description], [area]”. If you would rather we used your full name, or no name at all, just say.

With thanks, The Property Sauce team
